THE FAMILY OF ARCHITECTURAL LED STAND LIGHTS OPERATING AT 5W 220AC INPUT DELIVERING OUTSTANDING PERFORMANCE OF 300LM.

Technical description

Luminaire was designed to be used as a decorative stand light to illuminate an area where a luxury atmosphere is desired. The body material is silicon pipe with Sandblast Pyrex bubble and stone foundation. The sleek and classic design of this stand light is complemented by its advanced functionality. The pixel consists of RGB and full color IC which is sealed in a plastic body with resin and IP67 degree of protection. Its unique design makes for a great conversation piece while enhancing any kind of traditional, urban, contemporary, or minimalist decor.
